**LDS Film #1858908**

**Translated by Glenn H Penner ([gpenner@uoguelph.ca](mailto:gpenner@uoguelph.ca))**

LDS Microfilm #1858908 contains the records of the Plauschwarren Mennonite Church. The members of this church resided in what was known as Prussian Lithuania, which was at the time the list below was created part of the province of East Prussia.

The following is a list of all “members” of this Mennonite congregation who were over the age of 15 as of July 6, 1777. This list assesses how much each member of the congregation should pay towards building a church in the village of Grigolienen. The list starts with a count of the married couples (together with children over 15) and names the head of each family together with a count of those males and females in the family who were over 15. This is followed by a list of unmarried males over 15 and then unmarried females over 15. These unmarried individuals appear to have been adults who, in some cases, had their own Bahrgeld.

The first two columns give the family and first names of the household heads (of unmarried persons), the next two columns give the amount of land each household possessed in Hufen and Morgen. One Hufen was made up of 30 Morgen. A Hufen was about 41 acres. The next column indicated how much available money (Bahrgeld) each family had in Reichsthaler. The next two columns indicate how much tax in Reichsthaler and Groschen each family unit was to pay. One Reichsthaler was equal to 30 Groschen. Each family was taxed 20 Groschen per male, 10 Groschen per female, 2 Groschen per 100 Reichsthaler of Bahrgeld and 2.5 Reichsthaler per Hufen of land. The 2nd last column indicates if the family had paid the tax. The last column contains any comments. My comments are in square brackets.
