The table below appears to be the testing (“Prüfung”) results for the Orloff Vereinsschule for February 1828. The original document is found in the Peter J. Braun archival collection: file #26. Microfilm copies of this collection can be found in most Mennonite archives.

The students were tested in *Lesen* (reading), *Schönschreiben* (penmanship), *Rechsschreiben* (composition) and *Rechnen* (arithmetic). It is unknown why there are 5 blank rows in the list.
