

# Mennonite Deaths in the Lutheran Church Records of Culm, West Prussia: 1830 – 1852

Extracted from LDS films by Glenn Penner [gpenner@uoguelph.ca](mailto:gpenner@uoguelph.ca)

Transcribed by John D. Richert [jdrichert@aol.com](mailto:jdrichert@aol.com)

Lutheran churches in Prussia were required to record the births, marriages, and deaths of Mennonites from 1800 until 1874. Mennonites who lived near Culm were recorded in the *Evangelische (Lutheran) Kirche Culm Kirchenbuch, 1772 – 1940*. Glenn Penner reviewed the LDS films of these church records and extracted digital images of those pages that pertained to Mennonite deaths. Adalbert Goertz previously compiled a similar list: “Mennonite Deaths, Kreis Culm, West Prussia, 1800-1840” which is posted at [www.mennonitegenealogy.com/prussia](http://www.mennonitegenealogy.com/prussia). In the 1830-1840 time period the Goertz list overlaps with this list yet only 20 entries out of 248 are duplicated in the Goertz list for this period. There were various additional details provided on some of the images which were not transcribed, including: time of death, place and date of burial, occupation, and number of children.

The vast majority of these Mennonite families were members of the Schönsee Frisian Gemeinde. Some of these families are descendants of the Old Flemish (Groningen) Gemeinde from Przechowka who had a separate meeting house in Schönsee called the *Kleine Schule*, which was used until 1849 when the two congregations merged.

In the following tables the spelling of many surnames has been standardized. “GM” entries are from the GRanDMA database. When the match in the database seemed somewhat uncertain it was followed with a question mark. The data is presented chronologically by death date, by name of the deceased, and by the names of parents. The last sort provides family groupings as many of the deceased were young children.

Data presented chronologically by death date.
