

Molotschna Mennonite Settlement Vital Records: 1815-1816

State Archives of Dnipro Region (DADO)

Fund 134, Inventory 1, File 498

Compiled by Tim Janzen

This file makes available a collection of 204 vital records of births, marriages, and deaths that occurred in the Molotschna Colony between August 26, 1815 and August 26, 1816. There are vital records from all of the villages in the settlement. I have added a column that gives the record index number in the GRANDMA Mennonite genealogy database (GRANDMA number) for the head of the household for which the event pertains. The original document was created on September 27, 1816 by Mr. Toews. The original documents were written in German. I have added comments where other sources provide dates or names that are different from the dates or names given in the vital records. The dates in the vital records are likely highly accurate, but possibly are not completely accurate. There is at least one instance in which different dates are given for the same marriage (the marriage of Peter Kroeker and Anna Sawatzke).
